Sub-Division

THIS splendid plat just across the railroad from where Alma's new industries are locating, is the finest sub-division which is on the market here for the homeseeker and the investor. One new factory has located near it within the past week; others will in the near future, insuring a rapid rise in the value of these lots.

The lots have had a big sale and not many are left. The Prices have not yet been raised. Lots are high and dry—water, sewer, gas, etc., only a block away.
